Methods and Directions

LA POIRE BELLE HELENE WITH FREEZE DRIED PLUMS

Poached pears

- Place all the ingredients, apart from the pear, in a pot and bring to simmer. Turn off and infuse for 10/15 minutes. In the meantime using a parisienne scoop, empty the inside of the pear from the bottom without breaking them. Pass the infusion through a sieve into another pot, add the pears and simmer slowly for 1 hour. Turn off the heat and cool them down in the liquid.

Vanilla crème Patissiere

- Scrape the seeds of the vanilla pod with a small knife then in a small pot mix milk, vanilla pod and seeds together and bring to the boil. In a bowl whisk vigorously the egg yolk, sugar and custard powder, pass the milk through a sieve on top of the egg, whisking constantly. Place in a

clean pot and bring to boil, cook for 2 minutes or until starch is cooked and cream thickens. Add the butter mix well and put back in a clean bowl, cover with glad wrap and refrigerate.

Chocolate sauce

- Bring cream, cloves, cinnamon and peppercorn to boil and let infuse, put broken chocolate in a bowl and pass the cream through a sieve on top of chocolate, mix with a spoon or whisk, pour into a jug and keep warm.
