Methods and Directions

KOBA AKONDRO

Banana Sponge & Strawberry Sponge

- Grease two baking trays with butter and place a parchment paper.
- Meanwhile, preheat the oven at 180°C for 15 minutes.
- Sieve the flour, corn flour, salt, baking powder, and place aside.
- Beat the egg whites separately until they begin to slowly form soft peaks.
- Now add the cream of tartar and beat until they reach the stage of soft peaks.
- Mash the bananas and strawberries separately using a hand blender. Place aside.
- Beat the egg yolks separately until soft and fluffy. Add sugar into the egg yolk mixture and beat again until they blend well with each other.
- After that, add milk and beat again until they combine nicely. Add vanilla essence (only for banana sponge). Separate the mixture into two and mix well.
- Add in the mashed bananas and strawberries into the above mixture in 2 separate parts and beat until the mixture incorporates well with each other.
- Add sieved dry ingredients in batches of three.

Butter Cream

- In a large bowl, beat the shortening and butter with an electric mixer until light and fluffy.
- Add in vanilla and beat again until smooth.
- Gradually add sugar, one cup at a time, beat well on medium speed. Continually scrape the sides of the bowl to mix them well. When all sugar has been mixed in the icing will appear dry.
- Gradually add milk; beat at medium speed until light and fluffy.
- For thin (spreading) consistency icing, add 2 tablespoons light corn syrup, water or milk. For pure white icing (stiff consistency), omit butter; substitute an additional 1/2 cup shortening for butter and add 1/2 teaspoon of no-colour butter flavour.

Almond And Cardamom Mousse

- Beat the egg yolk with 75g sugar until sabayon consistency is reached.
- Boil the cream with 50g sugar and add the sabayon to it. Switch off the flame and fold gently using a spatula. Put it aside and let it cool.
- Once the mixture gets cool, add the soaked gelatin sheets.
- Whip the cream until stiff peaks form. Add almond extract and fold all together.
- Set in desired shapes and chill.

Assembly

- Melt white chocolate and mix with crushed cornflakes and set as a filletone sheet.
- Melt chocolate and mix with boiled cream for ganache.
- Keep the filletone sheet as a base, spread a thin layer of butter cream and arrange a layer of

strawberry sponge, spread peanut butter and a layer of banana sponge.

- Repeat the above step twice to form a tower.
- Roll the mousse in almond flakes mixed with cardamom powder
- For plating, layer the sliced strawberries at the bottom, put on the tower cake, place the mousse on top and then garnish with a vanilla pod.
- Sprinkle with gold leaves and dust for final touch.
